COMMISSIONER ROE

MELBOURNE, 20 JANUARY 2017

Application for approval of the Rail Commissioner Rail Operations Enterprise Agreement 2016.

[1] An application has been made for approval of an enterprise agreement known as the *Rail Commissioner Rail Operations Enterprise Agreement 2016* (the Agreement). The application was made pursuant to s.185 of the *Fair Work Act 2009* (the Act). It has been made by the Rail Commissioner. The Agreement is a single enterprise agreement.

[2] I am satisfied that each of the requirements of ss.186, 187 and 188 as are relevant to this application for approval have been met. The Agreement does not cover all of the employees of the employer, however, taking into account the factors in Section 186(3) and (3A) I am satisfied that the group of employees was fairly chosen.

[3] The Australian Rail, Tram and Bus Industry Union being a bargaining representative for the Agreement, has given notice under s.183 of the Act that it wants the Agreement to cover it. In accordance with s.201(2) I note that the Agreement covers the organisation.

[4] The Agreement was approved on 20 January 2017 and, in accordance with s.54, will operate from 27 January 2017. The nominal expiry date of the Agreement is 30 June 2020.

1 TITLE

- 1.1 This Agreement will be known as the Rail Commissioner Rail Operations Enterprise Agreement 2016.

2 AIM

- 2.1 The aim of this Agreement is to promote an efficient and safe working environment; to provide employees with fair and reasonable wages and employment conditions; to enhance the value of the organisation through being a competitive, flexible and innovative organisation; and the provision of a workplace which promotes real gains in productivity, efficiency and flexibility.
- 2.2 Further, the Parties agree to establish a workplace which enables variety, skills and job security for employees by:
- 2.2.1 Developing and maintaining a workplace which encourages and facilitates teamwork, personal and skill enhancement to achieve the Rail Commissioner's and employees' objectives;
 - 2.2.2 Promoting efficient and effective delivery of services to the Rail Commissioner's customers;
 - 2.2.3 Implementing change through constructive consultation to ensure a competitive, efficient and cost effective operation;
 - 2.2.4 Providing employees with remuneration and benefits which reflect the competitive performance of the organisation;
 - 2.2.5 Achieving continuous improvement in the operations and service delivery of the Rail Commissioner's train operations;
 - 2.2.6 Working together to enhance and grow the business; and
 - 2.2.7 Remaining focused on the needs of customers, recognising that customer satisfaction and increased patronage are integral to securing the future.

3 OBJECTIVE

- 3.1 The objective of this Agreement is to record the agreement reached between the Rail Commissioner and the Australian Rail Tram and Bus Industry Union (RTBU), representing employees subject to this Agreement, concerning pay, conditions and other benefits arising from their employment.
- 3.2 Employees and the RTBU recognise it is imperative for the Rail Commissioner to be able to adapt and change the manner in which business activities are conducted to meet the changing environment within which rail operations are conducted.
- 3.3 In making and applying this Agreement, the Parties recognise that a number of initiatives have been, and will continue to be introduced to improve the efficiency and effectiveness of the organisation. The Parties undertake to consult in a way that contributes positively towards work and business changes necessary to improve the effectiveness of the business.

4 OPERATION OF THE AGREEMENT

- 4.1 This Agreement will operate seven days after it is approved by the Fair Work Commission until its nominal expiry date.
- 4.2 The nominal expiry date of this Agreement will be 30 June 2020.
- 4.3 The parties will commence discussions no later than six months prior to the nominal expiry date of this Agreement to renew the Agreement or commence negotiations on a new Agreement.

5 INCIDENCE AND PARTIES BOUND

- 5.1 This is an Agreement between the Rail Commissioner, the RTBU and employees classified pursuant to this Agreement.

6 RELATIONSHIP TO OTHER AGREEMENTS AND AWARDS

- 6.1 The provisions of this Agreement replace the Award, as it relates to employees appointed to positions classified in accordance with this Agreement. Insofar as there is any inconsistency between a provision of this Agreement and the Award, the provisions of this Agreement will prevail to the extent of that inconsistency.
- 6.2 This Agreement, the Rail Commissioner's policies and procedures and provisions of the *Public Sector Act 2009* (SA) relevant to public sector employees (as varied from time to time) apply to the employment of employees under the terms of this Agreement. The Rail Commissioner's policies and other contractual conditions do not form part of this Agreement nor the specific employment contract of employees.
- 6.3 The parties acknowledge that in developing this Agreement it was not intended to diminish or extinguish any existing terms, conditions, or employment benefits. In the event of any ambiguity or uncertainty arising from the implementation of this Agreement, reference may be made to the *Rail Industry Award 2010* and to the policies and procedures in place at the time of implementation of this Agreement, and as varied during the life of this Agreement, in order that such ambiguity or uncertainty may be resolved.

7 NO EXTRA CLAIMS

- 7.1 During the life of this Agreement, the parties bound undertake not to pursue claims except where consistent with and contemplated by this Agreement.

8 NO PRECEDENT

- 8.1 This Agreement is not to be used as a precedent in any manner whatsoever to obtain similar arrangements or benefits in the South Australian Public Sector.

11 INITIATIVES AND UNDERTAKINGS TO APPLY DURING LIFE OF AGREEMENT

- 11.1 Diesel trains consisting of up to three cars in length may be operated as Driver only where specified by the Rail Commissioner.
- 11.2 Trains operating at night will not be automatically categorised as “must work” trains that require a Passenger Service Assistant on-board.
- 11.3 The parties to this Agreement are committed to developing the Passenger Service Assistant role to reflect a presence across train, tram and bus networks. The role development shall be modelled on a competency based framework which reflects the scope and purpose of the workgroup in relation to the public transport system and provides an effective method to assess, monitor and maintain the knowledge and skills necessary to perform the functions of safe working, customer service and fare compliance, as appropriate, across the public transport system.
 - 11.3.1 The outcomes will be used to establish a new, additional, appropriately remunerated classification level if competencies, skills and knowledge requirements substantially change the scope and/or deployment practices of the role.
 - 11.3.2 The deployment principles applicable to Passenger Service Assistant workgroups will be implemented through a working party nominated between the parties to consult and reach an agreed outcome for

introduction across Metro Ticket Services. If there is no agreed outcome, the parties will seek the assistance of Fair Work Commission and agree that any recommendations will be complied with by the parties.

- 11.4 The parties to this Agreement are committed to reviewing the competencies required for the driving of non-revenue trains between Adelaide and Dry Creek by Drivers who are not fully qualified for the main line driving of revenue services. A review of this activity will be undertaken with employee representatives.
- 11.5 The Rostering Codes of Principles (Rostering Code of Principles for Train Operations) will be jointly reviewed within 90 days following approval of this Agreement and any changes will be mutually agreed. Items for review include:
- Equality of weekend work and of workload across all depots;
 - Scheduled days off;
 - Scroucher lines/holiday relief including process for allocating known work from the roster into “line of work lines”;
 - Turn-around times for drivers to get from one train to another at Adelaide Station;
 - Lines of work;
 - Sign-on times; and
 - Amendments to the roster.

Terms of reference will be established for the Roster Review Committee which will include:

- Who will be involved;
- How decisions are made;
- How proceedings will be minuted; and
- Frequency of meetings.

11.6 Proposed Relocation of Operations Control Centre

- 11.6.1 For the purpose of clarity, this clause is intended to relate to the proposal to redevelop the site which currently houses the Rail Commissioner’s Operations Control Centre. As a result of any such redevelopment of that site which may occur during the life of this Agreement, some employees may be relocated to other depots or sites.
- 11.6.2 This clause does not relate to the relocation of any employees under any other circumstances other than mentioned above.
- 11.6.3 During the life of this Agreement, the parties commit to an effective consultation process which will enable employees and/or their representatives, to contribute to proposals for change and to raise any issues arising from the proposed redevelopment of the site currently occupied by Operations Control Centre.

- 11.6.4 The parties to this Agreement recognise that the Rail Commissioner may, during the life of this Agreement, and as a direct result of the redevelopment of the Operations Control Centre site, wish to implement relocation of some employees. The parties further recognise there may be issues which arise as a result of any relocation of employees which have not been contemplated by the provisions of this Agreement. This clause is intended to allow the parties to address such issues during the life of the Agreement as they arise.
- 11.6.5 The parties agree, in the event relocation of employee(s) is contemplated during the life of this Agreement, a working party comprising employee representatives and Rail Commissioner management shall be established. The role of the working party will be to develop agreed arrangements to apply to employees who are to be relocated and to address those issues associated with the relocation of employees and the development of facilities at alternative sites.
- 11.6.6 The working party will consider all issues associated with the potential relocation of employees to ensure that fair and reasonable arrangements are made for those employees that may be affected by any relocation. In the event that the working party cannot reach agreement on those proposed arrangements relating to relocation, the Dispute Resolution Procedure at Clause 23 will be initiated.
- 11.6.7 The parties agree that consideration of the impact of redevelopment proposals has not been a factor influencing the wage increases provided under this Agreement. As such, consideration of all factors likely to impact on future wage increases or employee benefits will form the basis of future negotiations between the parties and will not be affected by issues associated with the development of this Agreement.
- 11.7 Review of Aggregate Wage
- 11.7.1 The parties agree to review the aggregate wage and the formula used to calculate the aggregate wage for each of the Suburban Train Driver classifications to ensure that the formula presented is transparent to all to whom it applies. The review will include but not be limited to the following:
- 11.7.1(a) Aligning definitions with those in the Enterprise Agreement;
 - 11.7.1(b) Describing what penalties, allowances and loadings are applied to individual shifts/types;
 - 11.7.1(c) Detailing how leave provisions and public holiday provisions are incorporated into the overall calculations;
 - 11.7.1(d) The application of shift harmonisation;
 - 11.7.1(e) Clearly defining what is not included in the calculation; and
 - 11.7.1(f) Capturing triggers for future reviews of the formula such as changes to legislation and new Enterprise Agreements.

- 11.7.2 The review will be completed within 90 days of approval of this Agreement.
- 11.7.3 In the event that this review results in the need for a variation of Schedule 7, the parties agree that, as Schedule 7, which provides for a variation can be varied by the Commission consequent on an application by the declared employer or the RTBU to the Fair Work Commission for an agreed variation.
- 11.7.4 For the purposes of clause 11.7, and to the extent necessary under the *Fair Work Act 2009* (Cth), in agreeing to this Agreement the parties in clause 5.1 undertake and agree that a variation approved by the Commission will be taken to have been agreed by the parties in making this Enterprise Agreement and will operate in accordance with its terms.
- 11.8 Existing conditions of employment applying to a party not being reduced, subject to the terms of this Enterprise Agreement and any applicable workplace flexibility agreement. This commitment does not prevent the operation of other commitments in this clause, but not the effect that (considered as a whole) would result in a diminution of conditions existing as the date of approval by the Fair Work Commission.

12 ANTI-DISCRIMINATION AND HARASSMENT

- 12.1 The parties are committed to ensuring that the working environment is free from discrimination and harassment. Discrimination and harassment will not be tolerated under any circumstances.
- 12.2 The parties to this Agreement intend to respect and value the diversity of the workforce by helping to prevent and eliminate discrimination on the basis of race, colour, sex, sexual preference, age, physical or mental disability, marital status, family responsibilities, pregnancy, religion, political opinion, national status, national extraction or social origin.

13 CLASSIFICATION AND WORK REQUIREMENTS

- 13.1 Employees will be appointed to positions classified in accordance with the classifications defined at clause 21 of this Agreement. An employee may, subject to their qualifications, experience and fitness, be rostered to undertake any duty for which they are trained and competent to perform.
- 13.2 A standby employee may be required to perform “other duties” (as determined and agreed by the parties from time to time.)
- 13.3 Nothing in this Agreement precludes an employee’s appointment to another classification of work within this Agreement, in which case this Agreement will continue to apply.

14 TRAINING OBLIGATIONS

- 14.1 Employees must undertake training as required by the Rail Commissioner to ensure they have the skill and competencies needed to perform all of the required tasks.

- 14.2 Access to programmes conducted to provide or enhance mandatory training and skills in accordance with State and Federal Legislation will be provided for all employees. Attendance at such mandatory sessions is the responsibility of the employees concerned.
- 14.3 Payment for attendance at mandatory training programmes will be made at the appropriate hourly shift rate for employees who would normally have been rostered on duty and at the ordinary hourly rate of pay for those attending in their own time. Employees will be paid for actual attendance time only.
- 14.4 Further staff development may be achieved through a formal course of study at a recognised institution, or developmental activities such as conferences and seminars etc. Participation in such activities will be subject to the Rail Commissioner's Learning and Development and/or Study Assistance policies and procedures.
- 14.5 Where an employee seeks further staff development to enhance the skills and knowledge of the employee, the employer will determine in discussion with the employee the amount of support to be provided. This may take the form of paid leave and/or paid expenses or leave without pay. This will be at the discretion of the employer having regard to the needs of the organisation and potential benefit for the employee concerned.
- 14.6 In addition to attendance at external staff development or training activities, employees will be required to familiarise themselves with the contents of various documents, guidelines and procedures issued by the Rail Commissioner as part of on-going professional development and employee awareness programmes and activities.
- 14.7 An employee may be required to teach work skills and procedures to other employees as and when required.
- 14.8 Where an employee involved in approved staff development activities incurs out-of-pocket expenses as a result of participation in such activities, the Rail Commissioner may reimburse such expenses, provided that the expenses are reasonable, the employee was authorised by the Rail Commissioner to incur such expenses and the employee has receipts or other evidence of the expenses so incurred.
- 14.9 Employees who are required to deliver approved Rail Commissioner training will be paid the applicable rate that they would have otherwise been paid had they worked the rostered shift instead of providing training, except where a trainer classification exists. Such applicable rates will be paid in such circumstances.

15 COMPETENCY BASED TRAINING AND ASSESSMENT

- 15.1 The parties recognise that the achievement of objectives relating to safety, customer service, productivity and quality require a skilled and motivated workforce.
- 15.2 The programme concentrates on customer service, communication and team working skills, operational and technical competencies, rail safety accreditation and quality certification knowledge and skills for all levels of Rail Operations employees.

- 15.3 It is the Rail Commissioner's intention that employees will undertake a number of nationally accredited training modules leading to a relevant nationally recognised qualification of Certificate III level. It is likely that this will not be fully achieved during the life of this Agreement, however, the underpinning infrastructure will be established during the life of this Agreement. Wherever possible, employees will receive training that entitles them to receive a relevant nationally recognised qualification of Certificate IV level.
- 15.4 The Rail Commissioner will continue to use a competency based training and assessment regime, recognising that the Rail Commissioner and its employees have a shared responsibility for competency achievement and maintenance.
- 15.5 Training and assessment can be conducted by a variety of methods, including:
- classroom based;
 - on the job;
 - off the job;
 - computer based;
 - self-paced; and
 - others as deemed appropriate.

The Rail Commissioner and/or appropriate training providers will provide the training and assessment.

- 15.6 Schedule 6 provides milestones for the implementation of competency based training and assessment.

- 16.2.1 The Rail Commissioner may employ regular part-time employees in any classification in this Agreement. In the first instance expressions of interest will be sought internally for the offer of part-time work. The intent of this clause is to assist employees who are considering transition to retirement or are seeking the ability to access work/life balance provisions. This clause is not to be used for any other purpose.
- 16.2.2 A regular part-time employee is an employee who:

- 21.19.2 Subject to this clause, the wage or salary payable to an employee, or applicable to a position where the occupant elects to enter into an SSA, pursuant to this Agreement, will be the wage or salary payable under the SSA, notwithstanding any other provision in, or Schedule of, this Agreement.
- 21.19.3 Any entitlement to payment of overtime, leave loading or shift allowance will be based on the wage or salary that would have been payable had the employee not entered into a SSA.
- 21.19.4 Where, on cessation of employment, the Rail Commissioner makes a payment in lieu of notice; or a payment in respect of accrued annual or long service leave entitlements (instead of transferring leave credits to another SA public sector employer in the event the employee immediately becomes employed by that employer party), the payment thereof shall be based on the wage or salary that would have been payable had the employee not entered into a SSA.

21.20 Period of Payment

- 21.20.1 Wages will be paid fortnightly, either:

- according to the actual ordinary hours worked each week (38) or fortnight (76); or
 - according to a weekly average of ordinary hours worked even though more or less than 38 ordinary hours may be worked in any particular week of the work cycle.
- 21.20.2 The hourly rate is calculated by dividing the appropriate weekly rate by 38.
- 21.21 Explanation of the Averaging System (as it applies to the calculation of Block Book Off)
- 21.21.1 A full-time employee whose ordinary hours may be more or less than 38 in any particular week of a work cycle, is to be paid their wages on the basis of an average of 38 ordinary hours so as to avoid fluctuating wage payments each week.
- 21.21.2 The ordinary hours of an employee may be arranged so that they are entitled to accrue a day off per month during each work cycle. It is in these circumstances that the averaging system would apply.
- 21.21.3 Where a full-time employee has a day off in each work cycle of 28 consecutive days (four consecutive weeks) the employee's ordinary hours are arranged on the basis that for three of the four weeks they worked 40 ordinary hours each week and in the fourth week they worked 32 ordinary hours. That is, they would work for eight ordinary hours each day, Monday to Friday inclusive for three weeks and eight ordinary hours on four week days only, Monday – Friday in the fourth week - a total of nineteen days during the work cycle.
- 21.21.4 Under the averaging system a full-time employee accrues a "credit" each day they work actual ordinary hours in excess of the daily average, which would otherwise be seven hours 36 minutes. This "credit" is carried forward so that in the week of the cycle that they work on only four days, their actual pay is an average of 38 ordinary hours even though, that week, they work a total of 32 ordinary hours.
- 21.21.5 Each day an employee works eight ordinary hours they accrue a "credit" of 24 minutes (0.4 hours). The maximum "credit" the employee may accrue under this system is 0.4 hours on nineteen days; that is, a total of seven hours 36 minutes.
- 21.21.6 In addition to working ordinary hours, an employee will accrue a "credit" for each day absent from duty whilst on annual leave, long service leave, public holiday, paid sick leave, workers' compensation, bereavement leave, paid carer's leave, paid training leave or jury service. Entitlements in these circumstances are determined in accordance with the relevant Award provision. No entitlement to accrual exists for any other absence.
- 21.21.7 A regular part-time employee receives, on a pro-rata basis accrual and taking of Block Book Off.

21.22 Payment During First Period of Employment

- 21.22.1 On the first pay day occurring during employment, an employee will be paid whatever wages are due up to the completion of work at the end of that pay period.

21.23 Payment of Wages on Termination of Employment

- 21.23.1 Upon termination of employment, wages due to an employee will be paid on the day of such termination or forwarded by post on the next working day.
- 21.23.2 In the case of an employee who is paid average pay and who has not taken the day off due during the work cycle in which employment is determined, the wages due to the employee will include the total of credits accrued during the work cycle.
- 21.23.3 However, where the employee has taken a day off during the work cycle in which employment is determined, the wages due to that employee will be reduced by the total of credits which have not accrued during the cycle.

21.24 Absences From Duty Under an Averaging System

- 21.24.1 An employee absent from duty in circumstances other than annual leave, long service leave, public holidays, paid sick leave, workers' compensation, bereavement leave, paid carer's leave, paid training leave or jury service will, for each day so absent, lose average pay for that day calculated by dividing their average weekly wage rate by five.
- 21.24.2 For part of a day, an employee will lose average pay for each hour or part thereof absent at an hourly rate calculated by dividing their average daily rate by 7.6.
- 21.24.3 The rate prescribed at clause 21.24.2 will be adjusted on a pro-rata basis for part-time employees.
- 21.24.4 Credits do not accrue when an employee is absent from duty for a whole day in accordance with this sub-clause because the employee would not have worked ordinary hours that day in excess of seven hours and 36 minutes. Whenever this occurs, the employee will not be entitled to average pay for that week but will be reduced by the amount of the "credit" not accrued for each whole day during the work cycle involving the absence.

21.25 Details of Payments to be Given

- 21.25.1 On or prior to pay day, the Rail Commissioner will state to each employee in writing the amount of wages which the employee is entitled, the amount of deduction made and the net amount being paid to the employee.

21.26 Timekeeping - Proportion of an Hour

- 21.26.1 The Rail Commissioner may select and utilise for timekeeping purposes any fractional or decimal proportion of an hour (not exceeding a quarter of an hour) for the calculation of the working

time of employees who without reasonable cause being promptly communicated to the Rail Commissioner, report for duty after their appointed starting times or cease duty before their appointed finishing times.

21.26.2 The Rail Commissioner will apply the same proportional hour method for the purpose of calculation of overtime.

21.27 Extra Rates Not Cumulative

21.27.1 Extra rates in this Agreement, except rates prescribed in clause 22.7, are not cumulated so as to exceed the maximum of double the ordinary rates.

22 LEAVE PROVISIONS

22.1 Relationship Between this Agreement and the National Employment Standards (NES)

- The provisions of this Agreement relating to various forms of leave are to be read in conjunction with the Act.
- The purpose of the following clauses is to provide a simple summary of the provisions of the Act as they apply to employees covered by this Agreement.
- It is not the intention that any provision of this Agreement is to operate in a way that is less favourable to employees than the NES. If any provision of this clause operates in a way that is less favourable to employees than the NES, then the NES shall prevail.

22.2 Annual Leave

22.2.1 A full-time or part time employee is entitled to four weeks paid annual leave per year. Annual leave will accrue on a pro rata basis each fortnight period at the rate of 1/13 of ordinary hours worked.

22.2.2 Where an employee is regularly working on a seven day shift work roster (including Sundays and Public Holidays), they will be entitled to five weeks paid annual leave per year. In this case the additional annual leave will accrue at the rate of 1/52 of ordinary hours worked.

22.2.3 An employee who is regularly rostered to work on Saturdays and/or Sundays and Public Holidays but does not work on identified other days of the week shall be entitled to five weeks annual leave for each year of service. In this case, the additional leave will accrue at the rate of 1/52 of ordinary hours worked.

22.2.4 Normally annual leave must be taken in the year in which it accrues unless written approval has been provided by the Rail Commissioner to defer the taking of such leave.

22.2.5 Annual leave will be taken at times agreed between Rail Commissioner and the employee, or, failing this, at the discretion of Rail Commissioner with four weeks' notice.

- 22.2.6 An employee with an annual leave credit of greater than ten weeks may be directed to take such leave prior to the next entitlement of annual leave becoming due.
 - 22.2.7 Rail Commissioner must not unreasonably direct an employee to take annual leave or unreasonably refuse a request by the employee to take paid annual leave. An employee directed to take leave will have recourse to the Rail Commissioner's Human Resource Fair Treatment Policy in respect of scheduling of such leave.
 - 22.2.8 Annual leave is payable at an employee's Ordinary Time Rate of Pay (being the applicable ordinary rates described in Schedule 1 or Schedule 3 whichever applies) for the number of ordinary hours the employee would have worked during the period of annual leave. Annual leave hours paid will be deducted from the employee's accrued entitlement.
- 22.3 Loading on Annual Leave
- Rail Operations Employees
- 22.3.1 During a period of annual leave an employee will receive a loading calculated on the ordinary base rate of pay. The loading will be as follows:
 - 22.3.1(a) Day workers – employees who would have worked on day work only had they not been on leave – a loading of 17.5 percent.
 - 22.3.1(b) Shift workers – employees who would have worked on shift work had they not been on leave – a loading of 20 percent. Where an employee qualifies for additional leave in terms of clause 22.2.2, the 20 percent loading will apply for the proportion of the year worked as a shift worker.
- Rail Operations Support Employees
- 22.3.2 Shiftworkers - employees who would have worked on shift work had they not been on leave - a loading of 20 percent;
 - 22.3.3 Leave loading will be paid on completed months of service;
 - 22.3.4 Annual Leave loading will be paid in respect of each period of Annual Leave taken by an employee, subject to the conditions outlined in the *Public Service (Recreation Leave Loading) Award*, as varied, amended or substituted from time to time.
 - 22.3.5 The Parties agree to be bound in respect of allowing continuous shift workers the right to be paid leave loading or to be paid at the rate applicable to the work they would have been rostered to perform during the period of annual leave, whichever is the greater.
 - 22.3.6 Any annual leave accrued but not taken will be paid out on termination of employment based on the amount that would have been payable to the employee had they taken that period of leave.

- 22.3.7 The loading prescribed by this clause on termination will only apply to completed months of pro rata annual leave accruals in addition to any entitlements accrued under clause 22.3.1.

22.4 Personal Leave

- 22.4.1 An employee is entitled to a total of 12 days paid personal leave, in accordance with this clause, if they are unable to attend work because of a personal injury or illness (sick leave), or because they have to care for a member of their immediate family or a member of their household (Carer's Leave).
- 22.4.2 Personal leave will accrue each fortnightly period at the rate of 1/26 of the ordinary hours paid.
- 22.4.3 Where an employee is sick on any one-day of work or part thereof the employee, provided that they have a personal credit of paid sick leave, will be entitled to payment for the day or part thereof. The hours paid will be debited from the employees personal credit of paid sick leave.
- 22.4.4 An employee is only entitled to personal leave if the day(s) requested for personal leave was an ordinary day that the employee would have been required to work.
- 22.4.5 Subject to clause 22.4.9 (Rail Operations employees) and clause 22.4.11 (Rail Support employees) of this Agreement, an employee may be required to produce a medical certificate for any absence taken for personal leave.
- 22.4.6 A medical certificate is not required where the circumstances would make it unreasonable for it to be produced. In this case an employee must provide a statutory declaration that sets out the reason for the absence and why they could not obtain a medical certificate. Failure to provide either a medical certificate or statutory declaration proof may result in non-payment of personal leave.
- 22.4.7 If an employee is unable to attend work because of injury, illness or the requirement to take carer's leave they must inform the Rail Commissioner as soon as is reasonably practicable and, in any event, prior to the start of the shift, unless the employee is unable to comply with this requirement due to reasons beyond their control. Such advice must include:
- the nature of the injury or illness (if known); or
 - the basis on which carers leave is required; and
 - the period the employee expects to be away from work.
- 22.4.8 If it is not practicable for an employee to give prior notice of the absence, the employee must notify the Rail Commissioner by telephone at the first opportunity.
- 22.4.9 A Rail Operations employee may be absent on account of personal illness or injury (other than for which Worker's compensation is payable) for a period of one working day without the production of a medical certificate or a certificate from a health practitioner.

Where an employee is absent from duty for a period in excess of one working day, the employee will produce a medical certificate or a certificate from a health practitioner covering all days in excess of the original day.

- 22.4.10 Where a Rail Operations employee is absent on the day before or after a day or part-day that is a public holiday; a day that adjoins a period of annual leave, Block Book Off or Long Service Leave, they will be required to provide the Rail Commissioner with a medical certificate or statutory declaration for that day as per clause 22.4.5.
- 22.4.11 A Rail Support employee may be absent on account of personal illness or injury (other than for which Worker's compensation is payable) for a period of two working days without the production of a medical certificate or a certificate from a health practitioner. Where an employee is absent from duty for a period in excess of two working days, the employee will produce a medical certificate or a certificate from a health practitioner covering all days in excess of the two original days.
- 22.4.12 Clause 22.4.11 will not limit a manager requiring an employee to produce a medical certificate or a certificate from a health practitioner for all or any absence on account of personal illness or injury. Such requirement will not unreasonably be imposed and will be subject to discussion between the employee and their manager.
- 22.4.13 Unused personal leave will accrue from year to year.
- 22.4.14 Unused personal leave will not be paid out on termination.
- 22.4.15 In circumstances where an employee has exhausted their paid Carer's Leave entitlement, they are entitled to up to two days unpaid Carer's Leave for each occasion on which they may have otherwise claimed paid carers leave.

22.5 Sick Leave Pool

- 22.5.1 Employees will be eligible to participate in the Sick Leave Pool arrangements established to cater for situations in which an employee may have exhausted an entitlement to paid sick leave and requires access to additional paid leave to cater for extended absences due to sickness.
- 22.5.2 Participation in such an arrangement involves employees foregoing two days of their annual sick leave entitlement in order to preserve an entitlement to leave under the Sick Leave Pool scheme.
- 22.5.3 The rate prescribed at clause 22.5.2 will be adjusted on a pro-rata basis for part-time employees.

22.6 Public Holidays

- 22.6.1 Public holidays will be recognised on those days prescribed by the *Holidays Act 1910* (SA).
- 22.6.2 An employee will not lose ordinary pay as a result of a public holiday falling on a day that they would normally be rostered to

work and, in such cases, an employee will be paid at their ordinary rate for that day.

22.6.3 Rail Commissioner may require an employee to work on a public holiday. If an employee is required to work on a public holiday, they will be paid at the relevant rate of pay prescribed in this Agreement (either as a shift worker or as overtime).

22.6.4 An employee may refuse the request to work a public holiday shift if the request is not reasonable or if the refusal is reasonable. However, the parties recognise that there is generally a need for public holiday shifts to be included on the roster and agree that any roster which includes such shifts is considered reasonable.

22.6.5 Where special leave without pay or unpaid parental leave is granted for periods of up to four weeks, any public holidays that fall within such a period are to be granted with pay. Where the special leave without pay or parental leave exceeds four weeks, no payment for any public holidays, irrespective of where they may fall, is to be made.

22.6.6 Where a public holiday other than a part-day public holiday falls during the period of an employee's annual leave or personal leave the employee will be taken not to be on annual or personal leave and:

- i. will be paid for their ordinary rate of pay for such hours; and
- ii. The employee will be required to elect at that time whether they wish to be given credit for additional day(s) leave (equal to the number of Public Holidays falling within the rostered period) at some other time.

22.6.7 Where a part-day public holiday falls during the period of an employee's annual leave or personal leave, the employee will be taken not to be on annual leave between the hours of 7pm and midnight that they would have otherwise been rostered to work and will be paid for their ordinary rate of pay for such hours.

22.6.8 Public holidays falling on a weekend will be substituted in accordance with the *Holidays Act 1910* (SA). Notwithstanding the *Holidays Act 1910* (SA), an employee who works on a Christmas Day which falls on a Saturday will be paid a loading of 50 percent for that shift.

22.6.9 An employee who is not required to work on a public holiday that would have otherwise been an ordinary working day will be paid as for eight hours at the ordinary rate, irrespective of any under time, ordinary time or overtime credited in the fortnightly pay period in which that public holiday occurs.

22.7 Payment for Public Holidays

22.7.1 An employee required to work on a public holiday will receive payment for the hours worked at the rate of time and one half and in addition, one day's pay in lieu, unless on application by the

employee, they will receive a credit of one day's leave in lieu of the holiday.

- 22.7.2 For work on a public holiday occurring on a day on which they would not normally be booked on duty, an employee will be paid at the rate of double time and a half.
- 22.7.3 For work on a public holiday on which they would normally be booked on duty which is in excess of, or outside, the hours they would normally work on that day, an employee will be paid at the rate of double time and a half.
- 22.7.4 Non-driving Operations employees will be paid at the rate of double time and a half for all work in excess of eight hours in a shift.
- 22.7.5 A seven day or continuous shift worker whose rostered day off falls on a public holiday will be paid for that day at the ordinary rate
- 22.7.6 An employee not rostered to work between 7pm and midnight (other than an employee who has exercised their right not to work on a part-day public holiday if the request to work is not unreasonable or the refusal is reasonable as provided for in the NES) will not be entitled to another day off, another day's pay or another day of annual leave as a result of the part-day public holiday.
- 22.7.7 An employee who works any hours between 7pm and midnight on a part-day public holiday will be entitled to the applicable public holiday penalty rate for those hours worked.
- 22.7.8 Where an employee is usually rostered to work ordinary hours between 7pm and midnight on a part-day public holiday, but as a result of having a rostered day off does not work, the employee will be taken to be on a public holiday for those hours and paid their ordinary rate of pay for those hours. These hours cannot be counted towards the calculation of overtime within a roster period.

22.8 Compassionate Leave

- 22.8.1 A permanent employee is entitled to paid leave for up to two days per occasion to attend to:
 - the death; or
 - a life threatening illness/injury of a member of their immediate family or household.
- 22.8.2 An employee must advise the Rail Commissioner as soon as possible of the need to take compassionate leave.
- 22.8.3 Compassionate leave is non-cumulative.
- 22.8.4 An employee may be required to produce suitable evidence of the requirement to take and be paid for compassionate leave.
- 22.8.5 If the occasion of compassionate leave is for an illness or personal injury of a member of the employee's immediate family or household, the employee may take the compassionate leave for that occasion at any time whilst the injury or illness persists.

22.9 Long Service Leave, Skills and Experience Retention Leave

- 22.9.1 Employees are entitled to Long Service Leave and Skills and Experience Retention Leave subject to the qualifying conditions and terms of the *Public Sector Act 2009* (SA) and the provisions of the applicable Commissioner's Determination as varied from time to time.
- 22.9.2 During each financial year, an eligible employee will accrue an amount of retention leave for each month of effective service completed during that financial year. From 2014-15 onwards an employee will accrue 1/3 working day per month of effective service, up to a maximum of four days per year.
- 22.9.3 An eligible employee may apply to take retention leave once the employee has accrued an amount of leave equivalent to one working day. Retention leave must be applied for and taken as a whole working day.
- 22.9.4 Between 1 July and 31 August each year an employee may elect to convert the retention leave accrued in the preceding financial year to a monetary payment.
- 22.9.5 To make an election to receive a payment instead of taking the leave, an employee must complete and submit the appropriate form to the relevant agency with responsibility for payroll services by 31 August following the financial year in which the entitlement accrued.
- 22.9.6 A retention leave entitlement accrued within a financial year must, if not converted into a monetary amount, be taken within 5 years of the accrual. Employees are entitled to long service leave subject to the qualifying conditions and terms of the *Public Sector Act 2009* (SA) and the provisions set out in *Commissioner's Determination 3.1: Employment Conditions – Hours of Work, Overtime and Leave* as varied from time to time.

22.10 Parental Leave

- 22.10.1 Employees are entitled to maternity, paternity and adoption leave in connection with the birth or adoption of a child.
- 22.10.2 For the purpose of adoption leave, 'child' means a child of the employee that is or will be under 16 when placed with the employee for the purposes of adoption, other than a child or stepchild of the employee or of the spouse of the employee or a child who had previously lived continuously with the employee for a period of six months or more.
- 22.10.3 Subject to this clause, spouse includes a de facto or former spouse.
- 22.10.4 In relation to clause 22.10, spouse includes a de facto spouse but does not include a former spouse.

22.11 Transfer to a Safe Job

- 22.11.1 If, in the opinion of a legally qualified medical practitioner:

- a. illness or risks arising out of a pregnancy; or
- b. hazards connected with the work assigned to the employee make it inadvisable for the employee to continue her present work, then

22.11.2 The employee must, if the Rail Commissioner considers that it is practicable to do so, be transferred to a safe job at the rate and on the conditions of the employee's substantive position until the commencement of maternity leave.

22.11.3 If the transfer to a safe job is not considered practicable, the employee is entitled, or the Rail Commissioner may require the employee, to take leave for such period as is considered necessary by a legally qualified medical practitioner.

22.11.4 If the employee takes leave in such circumstances, the Rail Commissioner must pay the employee for that period the amount she would have received had she been at work.

22.11.5 Leave approved under this clause is in addition to any period of maternity leave granted.

22.12 Basic Entitlement

22.12.1 After twelve months continuous service, parents are entitled to a combined total of 52 weeks unpaid parental leave on a shared basis in relation to the birth or adoption of their child. For female employees, maternity leave may be taken and for their partners, paternity or partner leave may be taken. Adoption leave may be taken in the case of adoption.

22.12.2 Parental leave is to be available only to one parent at a time, in a single unbroken period, except that both parents may simultaneously take:

22.12.2(a) for maternity, and paternity or partner leave, an unbroken period of up to eight weeks at the time of the birth of the child;

22.12.2(b) for adoption leave, an unbroken period of up to three weeks at the time of placement of the child.

22.13 Parental Leave and Other Entitlements

22.13.1 An employee may in lieu of or in conjunction with parental leave, access any annual leave or long service leave entitlements which they have accrued, subject to the total amount of paid and unpaid leave not exceeding 104 calendar weeks in relation to the employee's child. For the purposes of this clause, child includes children of a multiple birth/adoption.

22.14 Variation of Parental Leave

22.14.1 Where an employee takes leave under this clause, unless otherwise agreed between the Rail Commissioner and the employee, an employee may apply to the Rail Commissioner to change the initial 52 week period of parental leave on one occasion. Any such change

is to be notified as soon as possible but no less than four weeks prior to the commencement of the changed arrangements. Nothing in this clause detracts from the basic entitlement to leave under this clause.

22.15 Right to Request

22.15.1 An employee entitled to parental leave pursuant to the provisions of this Agreement may request the Rail Commissioner to allow the employee:

22.15.1(a) to extend the period of simultaneous unpaid parental leave provided for in clause 22.12.2(a) up to a maximum of eight weeks;

22.15.1(b) to extend the period of unpaid parental leave provided for in clause 22.12.1 by a further continuous period of leave not exceeding 12 months;

22.15.1(c) to return from a period of maternity or adoption leave on a part-time basis, at the employee's substantive level, until the child reaches school age, to assist the employee in reconciling work and parental responsibilities.

22.15.2 The Rail Commissioner shall consider the request having regard to the employee's circumstances and, provided the request is genuinely based on the employee's parental responsibilities, may only refuse the request on reasonable grounds related to the effect on the workplace or the Rail Commissioner's business. Such grounds might include cost, lack of adequate replacement staff, loss of efficiency and the impact on customer service.

22.15.3 The employee's request and the Rail Commissioner's decision made under this clause must be recorded in writing.

22.16 Request to Return to Work Part-Time

22.16.1 Where an employee wishes to make a request under clause 22.15.1(c), such a request must be made as soon as possible but no less than seven weeks prior to the date upon which the employee is due to return to work from maternity or adoption leave, and will provide to the Rail Commissioner such information as may reasonably be required, including the proportion of time sought, and the date the relevant child will reach school age (i.e. five years of age).

22.16.2 At least 12 weeks prior to the relevant child reaching school age, the employee will advise the Rail Commissioner whether the employee will revert to employment on a full-time basis or seeks to continue to be employed on a part-time basis.

22.17 Maternity Leave

22.17.1 An employee must provide notice to the Rail Commissioner in advance of the expected date of commencement of maternity leave. The notice requirements are:

- 22.17.1(a) of the expected date of confinement (included in a certificate from a registered medical practitioner stating that the employee is pregnant) – at least 10 weeks;
 - 22.17.1(b) of the date on which the employee proposes to commence maternity leave and the period of leave to be taken – at least four weeks.
 - 22.17.2 When the employee gives such notice the employee must also provide a statutory declaration stating particulars of any period of paternity or partner leave sought or taken by her spouse and that or the period of maternity leave she will not engage in any conduct inconsistent with her contract of employment.
 - 22.17.3 An employee will not be in breach of this clause if failure to give the stipulated notice is occasioned by confinement occurring earlier than the presumed date.
 - 22.17.4 Subject to clause 22.12.1, and unless agreed otherwise between the Rail Commissioner and the employee, an employee may commence maternity leave at any time within six weeks immediately prior to the expected date of birth.
 - 22.17.5 Where an employee continues to work within the six week period immediately prior to the expected date of birth, or where the employee elects to return to work within six weeks after the birth of the child, the Rail Commissioner may require the employee to provide a medical certificate stating that she is fit to work on her normal duties.
 - 22.17.6 Where leave is granted under clause 22.17.4, during the period of leave an employee may return to work at any time, as agreed between the Rail Commissioner and the employee provided that the time does not exceed four weeks from the recommencement date desired by the employee.
- 22.18 Paid Maternity Leave and Paid Adoption Leave
- 22.18.1 Paid maternity leave and paid adoption leave and paid leave to enable parent-child relationships through surrogacy parenting applies in accordance with this clause. For the purpose of the following clauses, maternity and adoption leave includes a parent taking primary caring responsibility (parent-child relationship) as a consequence of a surrogacy arrangement.
 - 22.18.2 The following clauses apply to employees who commence an absence on maternity leave or adoption leave on or after the date of approval by the Fair Work Commission of this Enterprise Agreement.
 - 22.18.2(a) Subject to this clause, an employee, other than a casual employee, who has completed 12 months continuous service immediately prior to the birth of the child, or immediately prior to taking custody of an adopted child (as applicable), is entitled to 16 weeks' paid maternity

or adoption leave (as applicable) (“the applicable maximum period”).

- 22.18.2(b) An employee who, at the time of taking such paid maternity or adoption leave, has been employed by the Rail Commissioner for not less than five years (including any periods of approved unpaid leave), will be entitled to 20 weeks (“the applicable maximum period”).
- 22.18.3 The following conditions apply to an employee applying for paid maternity leave or paid adoption leave:
 - 22.18.3(a) The total of paid and unpaid maternity/adoption/surrogacy/parental/special leave is not to exceed 104 calendar weeks in relation to the employee’s child. For the purposes of this clause, child includes children of a multiple birth/adoption/surrogacy. An employee will be entitled to the applicable maximum period, paid at the employee’s ordinary rate of pay (including allowances that are expressed as being payable ‘for all purposes’ but otherwise excluding allowances, penalties or other additional payments) from the date maternity/adoption/surrogacy leave commences. The paid maternity/adoption/surrogacy leave is not to be extended by public holidays, rostered days off, programmed days off or any other leave falling within the period of paid leave.
- 22.18.4 At the time of applying for paid maternity leave or paid adoption leave, the employee may elect in writing:
 - 22.18.4(a) To take the paid leave in two periods split into equal proportions during the first 12 months of the commencement of their paid leave; or
 - 22.18.4(b) To take the paid leave at half pay in which case, notwithstanding any other clause of this Enterprise Agreement, the employee will be entitled, during the period of leave, to be paid at half the ordinary rate of pay (excluding allowances, penalties or other additional payments) from the date maternity/adoption/surrogacy leave commences and that leave shall be payable at the relevant rate of half pay in equal proportions during the requisite number of weeks; or
 - 22.18.4(c) A combination of (a) and (b).
- 22.18.5 Part-Time employees will have the same entitlements as full-time employees, but paid on a pro-rata basis according to the average number of contracted hours during the immediately preceding 12 months (disregarding any periods of leave).

- 22.18.6 During periods of paid or unpaid maternity leave, sick leave with pay will not be granted for a normal period of absence for confinement. However, any illness arising from the incidence of the pregnancy may be covered by sick leave to the extent available, subject to the usual provisions relating to production of a medical certificate and the medical certificate indicates that the illness has arisen from the pregnancy.
- 22.18.7 Where both prospective parents are employees covered by this Enterprise Agreement; or if the other prospective parent is an employee of the same agency as the employee who is taking paid leave in accordance with this clause (i.e. the other prospective parent is not covered by this Enterprise Agreement but is employed by the same agency), the period of paid maternity or adoption leave (as applicable) may be shared by both employees, provided that the total period of paid maternity or adoption leave does not exceed the applicable maximum and that the leave is taken in periods of not less than four weeks and has regard to the operational needs of the agency or agencies. Parents who are employees of the same agency but are covered by different Enterprise Agreements may only share a period of paid maternity or adoption leave arising under one or other Enterprise Agreement (i.e. it is not intended that a public sector employee would somehow have access to more than one entitlement to paid maternity or adoption leave in respect of a child/ren).
- 22.18.8 The entitlements available to an employee pursuant to the federal *Paid Parental Leave Act 2010* (Cth) (as amended from time to time) or any other federal parental leave scheme will be subject to criteria and eligibility as determined by any such scheme.

22.19 Paternity Leave

- 22.19.1 An employee will provide to the Rail Commissioner at least 10 weeks prior to each proposed period of paternity or partner leave:
- a certificate from a registered medical practitioner which names their spouse, states that she is pregnant and the expected date of confinement, or states the date on which the birth took place; and
 - written notification of the dates on which they propose to start and finish the period of paternity leave; and
 - except in relation to leave taken simultaneously with the child's mother a statutory declaration stating:
 - they will take that period of paternity or partner leave to become the primary caregiver of the child;
 - particulars of any period of maternity leave sought or taken by his spouse; and

- that for the period of paternity or partner leave they will not engage in any conduct inconsistent with his contract of employment.
- 22.19.2 The employee will not be in breach of clause 22.19.1 if the failure to give the required period of notice is because of the birth occurring earlier than expected, the death of the mother of the child, or other compelling circumstances.
- 22.20 Adoption Leave
 - 22.20.1 The employee will notify the Rail Commissioner at least 10 weeks in advance of the date of commencement of adoption leave and the period of leave to be taken. An employee may commence adoption leave prior to providing such notice, where through circumstances beyond the control of the employee, the adoption of a child takes place earlier.
 - 22.20.2 Before commencing adoption leave, an employee will provide the Rail Commissioner with a statutory declaration stating:
 - the employee is seeking adoption leave to become the primary caregiver of the child;
 - particulars of any period of adoption leave sought or taken by the employee's spouse; and
 - that for the period of adoption leave the employee will not engage in any conduct inconsistent with their contract of employment.
 - 22.20.3 The Rail Commissioner may require an employee to provide confirmation from the appropriate government authority of the placement.
 - 22.20.4 Where the placement of a child for adoption with an employee does not proceed or continue, the employee will notify the Rail Commissioner immediately and the Rail Commissioner will nominate a time not exceeding four weeks from receipt of notification for the employee's return to work.
 - 22.20.5 An employee will not be in breach of this clause as a consequence of failure to give the stipulated periods of notice if such failure results from a requirement of an adoption agency to accept earlier or later placement of a child, the death of a spouse, or other compelling circumstances.
- 22.21 Return to Work after a Period of Parental Leave
 - 22.21.1 An employee will notify of their intention to return to work after a period of parental leave at least four weeks prior to the expiration of the leave.
 - 22.21.2 An employee will be entitled to the position, which they held immediately before proceeding on parental leave.

- 22.21.3 Where such position no longer exists, but there are other positions available, which the employee is qualified for and is capable of performing, the employee will be entitled to a position as nearly comparable in status and pay to that of their former position.

22.22 Replacement Employees

- 22.22.1 A replacement employee is an employee specifically engaged or temporarily promoted or transferred, as a result of an employee proceeding on parental leave.

Before the Rail Commissioner engages a replacement employee, the Rail Commissioner must inform that person of the temporary nature of the employment and of the rights of the employee who is being replaced.

22.23 Communication During Parental Leave

- 22.23.1 Where an employee is on parental leave and a definite decision has been made to introduce significant change at the workplace, the Rail Commissioner shall take reasonable steps to:

- make information available in relation to any significant effect the change will have on the status or responsibility level of the position the employee held before commencing parental leave; and
- provide an opportunity for the employee to discuss any significant effect the change will have on the status or responsibility level of the position the employee held before commencing parental leave.

- 22.23.2 The employee shall take reasonable steps to inform the Rail Commissioner about any significant matter that will affect the employee's decision regarding the duration of parental leave to be taken, whether the employee intends to return to work and whether the employee intends to request to return to work on a part-time basis.

- 22.23.3 The employee shall also notify the Rail Commissioner of changes of address or other contact details which might affect the Rail Commissioner's capacity to comply with clause 22.23.1.

22.24 Jury Service

- 22.24.1 Employees who are required for jury service will be allowed time off work to attend as required by the Court.

- 22.24.2 Proof of attendance, the duration of attendance and the amount received must be provided by the employee to the Rail Commissioner.

- 22.24.3 Employees will be paid the difference between the amount paid for such jury service and the amount of wage, including any penalties they would have received if they had been rostered to work during such jury service period.

22.25 Leave Without Pay

An employee who has been absent on leave without pay for more than 22 working days in one or more periods in any one financial year, other than on approved sick leave without pay, will have their completed months employed adjusted accordingly so as to not include the period for which they were absent.

22.26 Absence From Duty

An employee (other than an employee who has given or received notice in accordance with clause 16.11 or in cases involving protected industrial action) not attending for duty will, unless covered under a leave with pay provision of this Agreement, lose their pay for the actual time of such non-attendance.

22.27 Special Leave with Pay

23.2 The parties to the agreement are obliged to make every endeavour to facilitate the effective functioning of these procedures.

23.3 The employee or employee representative should discuss any matter affecting an employee with the supervisor in charge of the section or sections in which the dispute or likely dispute exists.

If requested by the manager, the subject of the dispute shall be put in writing, so far as is reasonably practicable.

23.5 The consultation process as prescribed in clause 23 shall be commenced within 48 business hours of the dispute or likely dispute having been indicated, or within such longer or shorter period as may be agreed by the parties.

- 23.7 At any stage in the procedures after consultation between the parties has taken place in accordance with the procedure, either party may request and be entitled to receive a response to its representations within five working days.
- 23.8 If a dispute arising from any industrial matter, including a dispute arising under this agreement or the National Employment Standards is unable to be resolved at the workplace, and all agreed steps for resolving it have been exhausted, the dispute shall be referred to the Fair Work Commission for resolution by mediation and/or conciliation and if necessary arbitration.

- 23.10 Any dispute referred to the Fair Work Commission under this clause should be dealt with by a member nominated by either the head of the relevant panel or the President.
- 23.11 The decision of the Fair Work Commission will bind the parties, subject to either party exercising a right of appeal against the decision.
- 23.12 It is a term of this agreement that except where there is a genuine health or safety concern, the status quo existing immediately before the matter giving rise to the dispute will remain while the dispute resolution procedure is being conducted.

- 27.4.6 Intervals between shifts
- The minimum time which an employee will be allowed off duty will be 12 hours unless special cases of emergency requires attendance earlier or where agreed between the RTBU and the Rail Commissioner. 27.6.3 The aim of the reporting and recording system for overtime is to provide:

27.7 Travelling Time Whilst Working Overtime

27.7.1 An employee required to undertake overtime shift duty at a location other than the employee’s “home” location will receive travelling time to and from the duty location. The travelling time will stand alone from the overtime shift duty and will be paid in accordance with the Travelling Time Allowance provisions set out at Schedule 2 of this Agreement.

The loss of guarantee will be up to eight hours for each 24 hour period.

27.9.2 Where, through bona-fide illness or approved absence from duty, time short of the prescribed minimum hours is worked in any fortnight, payment will be granted to such a minimum as would result by deducting eight hours (from the prescribed minimum hours) in respect of each full day such employee was absent.

27.9.3 Where an employee is absent from duty, without pay, on account of other than bona-fide illness or approved leave the requirement of this clause to make a minimum payment for the prescribed hours per fortnight will not apply, but such employee will be granted payment in respect of the time actually worked within the period.

27.10 Minimum Time Allowance

- 27.10.1 An employee who is directed to and actually undertakes duty on any day or shift will be paid a minimum of four hours' pay.

- 27.12.4 An employee working to a regular roster or diagram will be informed of any change in regular duties prior to signing off duty or as soon as practicable after signing off duty.
- 27.12.5 Any employees who are not able to ascertain, on ceasing duty at their headquarters or temporary headquarters, when they will be next required for duty or if an alteration is made after they have been booked off, will be advised by a message sent to their homes informing them of their next turn of duty.
- 27.12.6 Any employee booked off for one day or more without definite instructions as to when next required for duty will be advised by a message being sent to their home informing them as to when they are to book on for duty.

27.13 Time for Preparation and/or Stabling

- 27.13.1 The duties to be performed by Suburban Train Drivers in the preparation and/or stabling of railcars will be prescribed in the respective localities or places of the Rail Commissioner.
- 27.13.2 The times to be allowed for the preparation and/or stabling will be determined from time to time by actual tests.
- 27.13.3 The RTBU will be notified in all cases where it is proposed to carry out such tests and will be given an opportunity to arrange for an RTBU representative to be present at such tests.
- 27.13.4 When times have been fixed in accordance with the provisions of this clause such times will remain so long as the duties remain unaltered.
- 27.13.5 The Rail Commissioner may alter the work to be performed in the preparation and/or stabling of railcars from time to time. In the event of such alterations being made, further tests will be carried out and the revised times will only be altered in accordance with the provisions of this clause.
- 27.13.6 The times allowed for the preparation and/or stabling at the date of the coming into operation of this Agreement will continue until altered by means of variation of the relevant Rostering Code of Principles.
- 27.13.7 The parties agree to the introduction of an additional five minutes of pre-departure preparation time for Suburban Train Drivers operating services from Adelaide Railway Station. Sign on time of 15 minutes will be allowed at the first portion of a shift being undertaken. These conditions will be implemented as soon as practicable after the approval of this Agreement by the Fair Work Commission.

27.14 Set Workings

- 27.14.2 In circumstances in which train services are affected by infrastructure works, line closures or special events necessitating the scheduling of services in lieu of normal timetabled services, employees may be required to complete more than two consecutive trips on the same line, but no more than five such trips without a crib break.

27.15 Work as Directed (WADs)

- 27.15.1 Suburban Train Drivers rostered to “Work as Directed” (WAD) may be required to perform any duty for which they are trained, in accordance with this Agreement.

- 27.15.2 An employee rostered to “Work as Directed” may be contacted by the Rail Commissioner up to 12 hours prior to the commencement of the original start time of the WAD shift. At this time the Rail Commissioner will advise if the shift has been changed. A change to the original rostered WAD shift will only occur once, unless by mutual agreement.
 - 27.15.3 The Rail Commissioner may require an employee rostered to work a “WAD” to change their start time. This advice will be given as early as possible, but no later than 12 hours before the original start time of the WAD shift.
 - 27.15.4 In the event that a change of shift time would attract penalty payments, outside the aggregate wage, these will be paid for the shift in accordance with the provisions in this Agreement.
 - 27.15.5 WAD shifts will only be converted to shifts that are consistent with the shift pattern for that week. For example, if the WAD is an AM shift, then only shifts from AM lines of work may be assigned and vice versa for PM shifts.
 - 27.15.6 Where required to undertake rostered Work as Directed duty away from an employee’s “home” depot, payment for travelling time in accordance with this Agreement will apply. The travelling time in this instance will stand alone from the rostered duty shift. The Rail Commissioner may provide transport from the employee’s “home” depot to the start location where hardship is demonstrated.
 - 27.15.7 Work as Directed duty will be rostered to be performed as near as practicable to an employee’s home depot/home address in order to minimise time and/or distance travelled. Employees based at depots other than Dry Creek and Adelaide will only be assigned shifts within their home depot, or at Dry Creek or Adelaide, unless by agreement.
- 27.16 Special Events
- 27.16.1 Special Events definition; New Year's Eve, Clipsal, 00.00 -12.00 hours Anzac Day, Royal Adelaide Show and Christmas Pageant.

 - 27.16.3 Seven weeks prior to the event, a Special Events Work Request Form will be issued to each employee.
 - 27.16.4 The Special Events Work Request Form must be forwarded by the employee to their manager six weeks prior to the commencement date of that roster. On the Special Events Work Request Form the employee will indicate their preferred working. Options include ‘working on rostered day off’, ‘not working on their rostered day off’, ‘agreeing to change their rostered day off pattern’, and ‘preferred shift’.

- 27.16.5 Tuesday ‘A’ week, 26 days prior to the commencement of the roster, the roster will be posted in draft. If a special event falls during the roster additional set workings will also be displayed and known overtime relating to the special event will be rostered.
- 27.16.6 Tuesday ‘A’ week, 12 days prior to the commencement of the roster, the roster will be posted.
- 27.16.7 Employees and managers should note;

Operation

This Schedule operates in conjunction with consultation provisions contained in the *Rail Commissioner Rail Operations Enterprise Agreement 2016* (the Agreement) and consultation provisions contained in the relevant Award.

This Schedule applies to all agencies/departments identified in Clause 5, Incidence and Parties Bound by the Agreement.

Objectives

The objective of this Schedule is to ensure that proper consultation occurs between the Rail Commissioner, Employees and the Union regarding changes in workforce composition.

The parties acknowledge that:

- Redeployment and retraining is the preferred approach to workforce reductions;
- Forced redundancies should only be used as a last resort;
- With the exception of consultation regarding changes to workforce composition, these arrangements will apply to employees who, in the event of outsourcing or privatisation of Rail Operations (or part thereof), do not transfer to the new business under Transfer of Business arrangements under the *Fair Work Act 2009* (SA);
- Where there is a need for genuine redundancies, employees must be offered a Voluntary Separation Package (VSPs); and
- Any reduction in staffing levels should be achieved by:
 1. Restricting the use of temporary contracts, casual employment and external employment (i.e. labour hire and agency);
 2. Natural attrition; and
 3. Voluntary Separation Packages.

The parties further acknowledge that changes to staffing levels, including the offering of VSPs, has a significant effect on employees because it has the potential to lead to, amongst other things:

- The alteration in required skills of ongoing employees and potential retraining;
- The alteration of workloads and/or hours of work for ongoing employees;
- The potential diminution of job opportunities or promotional opportunities; and
- The possible redeployment of employees.

Nothing in this Schedule is intended to remove or limit the operation of Clause 23, Resolving Workplace Concerns or Disputes contained in the Agreement.

Procedure

1. Seriously considering changes to workforce composition

1.1 Notification

- 1.1.1 When the Rail Commissioner is seriously considering changes to workforce composition, including calling for employees to express an interest in VSPs or potentially forced redundancies, the public sector agency will notify the affected

employees and the Union in writing of the intention. The notification will include (but not be limited to):

- a) The reason the Rail Commissioner is considering changes to workforce composition;
- b) The affected work/process/service delivery;
- c) The affected department/location/worksite/unit;
- d) The number and classifications of positions including (but not limited to) changes in position duties and/or responsibilities/tasks/workload;
- e) In the event of privatisation or outsourcing, applicable Transfer of Business arrangements under the *Fair Work Act 2009* (Cth);
- f) Any relevant information regarding potential effects of staffing changes on continuing employees, including changes to existing practices and/or changes that the Rail Commissioner considers necessary;
- g) Any known potential redeployment and job vacancy options;
- h) Data regarding the use of existing labour hire, temporary and casual employees and steps taken to reduce the use of labour hire, temporary and casual employees; and
- i) Any other relevant information.

1.1.2 The Rail Commissioner agrees to genuinely consider in good faith any feedback provided by employees and/or the Union. The Rail Commissioner agrees to take all reasonable steps to mitigate adverse effects such as reducing, where practicable, the use of labour hire, temporary and casual staff.

1.1.3 The Rail Commissioner will provide the Union with not less than 14 days or as otherwise agreed to respond to written notification.

1.1.4 Where the total number of positions affected may be 20% or more of the FTE at the worksite, the Rail Commissioner will facilitate reasonable paid time for meeting(s) between employees and the Union.

1.1.5 Where the Union respond to the written notification or requests for further information, the Rail Commissioner will respond within 14 days or as otherwise agreed.

1.2 Meetings with Union

1.2.1 The parties agree to meet and seek to reach agreement on the proposed changes to workforce composition, as soon as practicable after step 1.1 has been completed (unless otherwise agreed).

1.2.2 The Rail Commissioner will give genuine consideration to matters raised by the Union including any proposals to mitigate any adverse effects and any other proposals to avoid the redundancy (for example, job swaps where employees may wish to swap roles).

1.2.3 Where any issues remain unresolved following further consultation, either party may utilise Clause 23, Resolving Workplace Concerns or Disputes in the

Agreement, including by referring the matter to the Fair Work Commission, noting however that the Commission will not be empowered to make any order having the effect of determining the composition of the workforce.

1.2.4 The parties agree to maintain the status quo whilst the matter remains in dispute.

1.3 Identification of new workforce composition

1.3.1 Prior to calling for expressions of interest (EOI), the proposed new workforce composition (i.e. full-time equivalent required to undertake the required duties) must have been identified in accordance with consultative processes set out in 1.1 and 1.2, and following any Transfer of Business arrangements applicable under the *Fair Work Act 2009* (Cth). The Rail Commissioner will then confirm in writing the new workforce composition to the affected employees and the Union.

1.3.2 An agency cannot use the EOI process to inform/decide what the new workforce/change may be.

1.4 Regional and Remote Localities

In addition to the consultative requirements contained in this Schedule, the following will apply in relation to regional and remote localities:

Where an agency proposes organisational change that will result in an employee who works/resides in a regional or remote locality in South Australia being declared excess, the Chief Executive, Agency Head or delegate must provide details of the proposed organisation change and affected employees to the Commissioner for Public Sector Employment prior to the implementation of the relevant organisational change and the declaration of any employee as excess to requirements.

2. Voluntary Separation Process

2.1 Call for Expressions of Interest (EOIs) for Voluntary Separation Packages (VSP)

2.1.1. The Rail Commissioner will only call for EOIs after the number of genuinely redundant positions has been determined in accordance with the consultation requirements outlined above and following any Transfer of Business arrangements applicable under the *Fair Work Act 2009* (Cth), unless otherwise agreed.

2.1.2. The Rail Commissioner will write to employees (i.e. permanent/ongoing employees) in work sites affected by the proposed change requesting EOIs for VSPs. The request will, at a minimum, be sent to employees working in the positions identified as no longer required (i.e. determined to be excess/redundant).

2.1.3. The call for EOIs for VSPs will have a specified closing date and will be open for not less than 21 days.

- 2.1.4. The call for EOIs will include information regarding how a VSP may be estimated, the number of positions that have been determined to be genuinely redundant, details of the position(s) that have been determined “excess” and an option for employees to discuss and explore reasons why these positions are no longer required. A copy of this notification should be provided to the Union.
- 2.1.5. Employees may seek assistance from a nominated Human Resource representative to determine an approximate calculation as to what a possible VSP would be without completing an EOI. Such a calculation would only be an approximation and possibly subject to variation.

2.2 Agency considers outcomes of EOI process

- 2.2.1. As soon as practicable after the EOI period has closed, the Rail Commissioner will consider and consult with the relevant employees and the Union regarding the outcomes of the EOI process. For the purposes of consultation, the Rail Commissioner will provide the Union in writing the outcomes of the EOI process and provide the Union with a minimum of 7 days’ notice to respond, prior to any VSP offers being made.
- 2.2.2. In the event the Rail Commissioner has determined potential VSP offers for affected employees, if requested, the parties agree to meet to discuss the proposed VSPs as soon as practicable.
- 2.2.3. Where a meeting is requested, the Rail Commissioner agrees to delay VSP offers to employees until after the meeting has occurred.
- 2.2.4. Where the Union requests further information or seeks a response, the Rail Commissioner will respond as soon as practicable.
- 2.2.5. The Rail Commissioner agrees to delay VSP offers to employees until 7 days after a response is provided to the Union.
- 2.2.6. In the event that the number of suitable applicants for VSPs is greater than the number of positions identified as “excess” the Rail Commissioner will inform the Union of the selection criteria it will utilise to determine which employees will be offered VSPs. The criteria may include (but is not limited to):
 - The new workforce composition position descriptions;
 - Hours of work;
 - Skills, experience and qualifications; and
 - Any other factors (such as geographical location).

2.3 Number of EOIs is the same as the number of identified excess positions

- 2.3.1 In the event the number of EOIs matches the number of identified excess positions, the Rail Commissioner will notify the affected employees and the Union.

2.4 Number of EOIs is less than the number of identified excess positions

- 2.4.1 Where the number of EOIs is less than the number of identified excess positions, the Rail Commissioner will not unreasonably refuse to offer an employee a VSP.
- 2.4.2 In the event the number of EOIs is less than the number of identified excess positions, the Rail Commissioner will move to the steps outlined in 3. Process for Identifying Excess Employees.

2.5 Calculation of a VSP

- 2.5.1 The parties agree that for the purpose of a VSP, an employee will be paid not less than the *Department of Treasury and Finance – Targeted Voluntary Separation Packages (TVSPs) as at 1st July 2015*.

2.6 Employee offered a VSP

- 2.6.1 Affected employees will be notified in writing that their EOI for a VSP has been accepted and that they will be paid a lump sum payment of \$15,000 plus a VSP as set out in clause 2.5.
- 2.6.2 The Rail Commissioner must declare that their position is no longer required and therefore “excess” (redundant). Upon receipt of a VSP, their employment in the public sector will cease.

3. Process for identifying excess employees

3.1 Notification to the Union

- 3.1.1 Where there are insufficient numbers of EOIs to meet the number of excess positions identified in 1.3, the Rail Commissioner will notify the relevant employees and the Union of the following information in writing:
 - a. The number of remaining excess positions, including job classification/role /worksite location/FTE equivalent;
 - b. number of affected employees; and
 - c. The proposed time frames and plan for notification and consultation with affected employees.

3.2 Meeting with Union

Prior to notifying affected employees, per step 3.3, the Rail Commissioner and the Union will meet to discuss the selection criteria to be used for forced redundancies, the proposed time frames and plan for notification and consultation with affected employees.

3.3 Notification to affected employees

- 3.3.1 The Rail Commissioner will inform the affected employee/s in writing that there were insufficient numbers of EOIs for voluntary redundancies and provide information regarding the number of positions and employees that will no longer be required. A copy of any correspondence will also be provided to the Union.

This will include all relevant information including, but not limited to, why the position/s have been determined to be genuinely redundant, the number of redundant positions, the application of the above selection criteria, and information regarding the timeline and process.

- 3.3.2 The Rail Commissioner will notify employees of their right to be represented by the Union.
- 3.3.3 The Rail Commissioner will take all possible steps to mitigate the adverse effect on the employee/s affected, including (but not limited to) consideration of immediate redeployment to a suitable alternative position with the consent of the affected employee/s.
- 3.3.4 The Rail Commissioner will organise at least one paid meeting with the affected employee/s to discuss the redundancies. The Union will be invited to attend this meeting.

3.4 Notification to redundant employee(s)

- 3.4.1 The Rail Commissioner will then notify the redundant employee/s and the Union that the particular employees will be made redundant. Prior to notifying a redundant employee, the Rail Commissioner must declare that the employee's position is no longer required and therefore "excess" (redundant).
- 3.4.2 The redundant employee/s will be notified in writing that their position is "excess" and may elect to consider a VSP or seek redeployment. In this same notification, the Rail Commissioner will provide the employee with the following:
- The date their position will be made redundant shall be no earlier than 28 days from the date the notification is received;
 - Information regarding taking a VSP and information regarding the redeployment process. This information will clearly outline what the employee's entitlement would be if they elect to take a VSP at the date of termination, pursuant to step 2.5 and 2.6.
 - That the employee may request a paid time meeting with the Rail Commissioner to discuss any aspect of the redundancy and/or redeployment process.
 - That the employee is entitled to be represented during the meeting by the Union.
 - Should the employee wish to accept the offer for a VSP at this time, they must do so within the timeframe provided, which must be no less than 28 days. Upon acceptance of the VSP, their employment in the public sector will cease upon receipt of the VSP.

4. Redeployment Process

4.1 Commencement of the Redeployment Process and Case Management

- 4.1.1 Following receipt of written advice of being declared an excess employee, where an employee has elected to become a redeployee (i.e. has decided not to accept an offer for VSP), the redeployee will be assigned a case manager and will participate in the redeployment/retraining program.
- 4.1.2 A redeployment plan will be established in consultation with the redeployee which aims to identify a suitable alternative ongoing permanent role in the public sector. The plan will also include (but not be limited to):
 - details of any training to be provided; and
 - skills or duties relevant to a suitable placement and/proposed role.
- 4.1.3 A copy of the redeployment plan will be provided to the redeployee.
- 4.1.4 The redeployee's case manager will have priority access to the notice of vacancies and redeployee will also have access to notice of vacancies.
- 4.1.5 The excess employee is also expected to cooperate and participate in all reasonable training opportunities or placements.

4.2 Criteria for suitable employment

- 4.2.1. An ongoing permanent role in any agency in the Public Sector will only be considered suitable for the purposes of redeployment if (unless the employee otherwise agrees):
 - a. The hours of work remain the same or similar;
 - b. The level of remuneration is not less than what the employee was earning prior to becoming a redeployee;
 - c. It is a reasonable distance/location from the employee's residence to the new place of employment;
 - d. The classification is not lower than the employee was previously engaged as;
 - e. The nature of the work is such that it is reasonable to perform, taking into account the employee's skill and experience;
 - f. There are no extenuating factors specific to the employee/worksites that would make it unreasonable for the employee to perform the ongoing permanent role.
- 4.2.2. The above criteria does not limit further discussions and agreements between the employee and their case manager.

4.3 Making of an offer of suitable employment during redeployment program

- 4.3.1. Within the first 6 months of an employee being declared excess, the applicable case managers/agency representatives must attempt to identify at least one role or

placement that is a reasonable match with the employee's skills and capabilities (including with training).

- 4.3.2. In the event that an offer for an alternative role/position is not made within 6 months of the employee being declared excess, the case manager must meet with the employee and their representative (if applicable) to discuss and review the employees redeployment plan.
- 4.3.3. The outcomes of these discussions and the action plan for next steps must be provided in writing to the employee and a copy forwarded to the Office for the Public Sector (OPS).
- 4.3.4. In the event an offer for a suitable ongoing permanent role has not been identified and made within 9 months from the date of them being declared excess, the relevant agency must notify OPS.
- 4.3.5. The Rail Commissioner will discuss with the employee (and the Union) any reasons that an alternative role has not been achieved. At this stage the CPSE or representative from the OPS will become involved in order to review the process and options available for redeployment.
- 4.3.6. In the event that an offer of suitable employment has not been identified and made within 12 months of the employee being declared excess, the agency, the CPSE or representative from OPS, and the employee (and Union) will meet to discuss the outcome of the redeployment/retraining program. The parties will discuss:
 - Whether the redeployment plan has been complied with by the Agency and the employee;
 - Whether all reasonable efforts have been made to identify suitable employment for the employee; and
 - Whether there are exceptional circumstances which could make it reasonable to extend the redeployment/retraining program, and/or amend the redeployment plan, to provide further opportunity to identify suitable employment.
- 4.3.7. For the purposes of 4.3.6, “exceptional circumstances” may include the geographical location of the employee, the unique skills and/or experience of the employee, the age of the employee, or the circumstances of the employee becoming excess, which circumstances provide additional difficulty to the identification of suitable employment for the employee.
- 4.3.8. Where any issues remain unresolved, either party may utilise Clause 23, Resolving Workplace Concerns or Disputes in the Agreement.

4.4 Notification of a suitable ongoing permanent role

- 4.4.1 Where an offer of a suitable ongoing permanent role is made to an employee, such notification will be provided in writing. Written notification will also include:
 - A contract of employment for the new role;

- A Job and Person Specification for the new role; and
- Information advising the employee that should they not accept the suitable ongoing permanent role, the employee may be separated with 5 weeks' notice and separation pay outlined in 4.6.3 (provided that the terms of this Schedule have been met). Such information will be clearly outlined to the employee.

4.4.2 An employee will be given a minimum of 14 days to consider whether they wish to accept the suitable ongoing permanent role.

4.5 Deferment of redeployment program

4.5.1. The Rail Commissioner must defer the redeployment period where an employee that has been declared excess is absent from duty by reason of:

- Parental leave; or
- Defence reserves leave; or
- Where an employee is in receipt of weekly payments for a compensable workplace injury or illness and/or subject to a Rehabilitation and Return to Work Plan for such injury or illness.

4.5.2. The Rail Commissioner may approve an application for deferment of the redeployment period by an employee who has been declared excess, on the basis of exceptional personal circumstances by the employee. The Rail Commissioner is required to seek advice from the Commissioner for Public Sector Employment. This decision making function is not to be delegated.

4.6 Conclusion of the Redeployment Process

4.6.1 The redeployment process will end only when the following criteria has been satisfied:

- a. The employee has accepted employment in an ongoing role; or
- b. For an employee whose position has been determined to be excess as a result of the Rail Commissioner's decision to privatise, outsource, contract out or the closure/part closure of a service(s) and that employee has been offered employment in a suitable ongoing permanent role and has declined such ongoing employment;
- c. The Rail Commissioner and employee (and union if requested by the employee) have negotiated, been offered and accepted an additional separation payment;
- d. For employees other than those in 4.6.1(b), the process set out in 4.3 is completed; or
- e. The employee has at any stage elected to take a VSP, in accordance with step 4.7.

4.6.2 Where the redeployment process ends, the Rail Commissioner will confirm in writing to the employee the outcome of that process.

4.6.3 Where an employee has been offered employment in a suitable ongoing permanent role and has declined such ongoing employment or the redeployment process set out in clause 4.3 is completed, the following will apply:

- a. The employee will be provided in writing a minimum of 5 weeks' notice of the date of separation.
- b. During the notice period, the Rail Commissioner agrees to allow a minimum of one day of paid leave each week to job seek.
- c. During the notice period, the employee may give notice of their intention to resign their employment with 24 hours' notice and be paid the balance of the notice period.
- d. A separation payment the equivalent of that provided in clause 4.7.3 will be paid to the employee at the separation date of their employment.

4.7 Separation Payments

4.7.1 At any time while an employee is a redeployee, they may give notice that they wish to accept a VSP.

4.7.2 A redeployee will only be required to provide one weeks' notice to terminate their employment (or less by agreement).

4.7.3 An employee who indicates that they wish to accept a VSP, in accordance with clause 4.7.1, will be entitled to the following amounts of redundancy pay:

- a. An employee who has been a redeployee for between **0 to 3 months** is entitled to receive redundancy pay equal to 100% of the VSP prescribed in clause 2.5 plus a lump sum payment of \$15,000; or
- b. An employee who has been a redeployee for more than **3 months and up to 12 months** is entitled to receive redundancy pay equal to 100% of the VSP prescribed in clause 2.5; or
- c. An employee who has been a redeployee for more than **12 months** is entitled to receive redundancy pay equal to 75% the VSP prescribed in clause 2.5.

5. Disputes

5.1. Where a dispute arises in relation to the operation of this Schedule, the parties may raise a dispute in accordance with Clause 23, Resolving Workplace Concerns or Disputes of the Agreement.

5.2. A dispute may be raised at any stage of this Schedule. Where a dispute is raised in relation to this Schedule, the status quo will remain until the matter is resolved.

5.3. Where the parties cannot reach agreement to resolve a dispute in relation this Schedule, the parties agree that the dispute may be arbitrated by the Fair Work Commission.

Review

The Rail Commissioner and the RTBU will review the implementation of this process (i.e. Schedule 5) no earlier than January 2019.

“Declared excess” means the date of written notice to the employee that their position is no longer required.

SCHEDULE 6 – RAIL OPERATIONS – NATIONAL COMPETENCY BASED TRAINING AND ASSESSMENT FRAMEWORK

The parties agree that this framework will provide a basis for:

- a) Establishment of individual training plans;
- b) Development of assessment processes;
- c) Attainment of nationally recognised units of competence and/or qualifications where applicable; and
- d) Attainment of role based training and assessment.

1. Training and Competency

- 1.1 The Rail Commissioner is committed to providing its employees with opportunities for career growth, ongoing development and to make a positive contribution to the success of the business.
- 1.2 The skills and abilities of Rail Commissioner employees are an integral part of the continued delivery of quality services to our customers. Where applicable, it will include alignment of any role-based competencies to the appropriate national competency framework; recognition of prior learning for the purposes of translation, and; the provision of training and development programs designed to ensure that work is undertaken and services are provided in a safe, productive and skilful manner.
- 1.3 Employees may gain nationally recognised qualifications or units of competence established under the relevant training packages and qualification framework. Such training and any associated recognition of prior learning process will be in accordance with Standards for Registered Training Organisations, to which the Rail Commissioner Registered Training Organisation (RTO) must adhere and is audited against by Australian Skills Quality Authority.
- 1.4 Where applicable, training will be aligned to units of competence from national qualifications and will be included on the competency matrices outlined at clause 2 of this Schedule and will be those required to competently and safely undertake the work requirements of the Rail Commissioner.

2. Competency Matrices

- 2.1 The parties agree to finalise competency matrices for the roles of; Suburban Train Driver; Passenger Service Assistant; and Operations Controller, within 10 months of this Agreement being approved by the Fair Work Commission. This timeframe may be altered in consultation with the RTBU.

- 2.2 A Risk Based Training Needs Analysis (RBTNA) will be developed for each role with role-based training, and where applicable, national units of competence. The Rail Commissioner will then work towards:
- 2.2.1 Establishing and maintaining competency matrices for the roles outlined in clause 2.1, which will be determined by the Rail Commissioner and may include input and validation from; workplace trainers and assessors, subject matter experts, other employees as deemed necessary and against a RBTNA.
 - 2.2.2 Establishing individual training plans based on competency matrices.
 - 2.2.3 Ensuring employees maintain current competencies. Matrices will include refresher dates for accredited and non-accredited training. These refresher dates will be determined by the Rail Commissioner and may include input and consultation from; workplace trainers and assessors, subject matter experts, other employees as deemed necessary and against a RBTNA. These refresher dates will be listed on the competency matrix and individual training plans.
 - 2.2.4 Development and continuous improvement of assessment tools and processes including recognition of prior learning.
- 2.3 Core and elective competencies required for a specific role may change from time to time in line with changes to units of competence within national qualifications. Such changes may include but are not limited to; revision and changes to training packages; and where changes in rollingstock and/or infrastructure and/or policies and procedures no longer align to units of competence. The parties agree that where such changes occur they will be addressed.
- 2.4 The Rail Commissioner may determine additional elective competencies specific to roles or provide additional training specific to its business needs, in addition to specialist electives. These will be reflected on the competency matrix and/or in individual training plans.

3. Individual Training Plans

- 3.1 The Rail Commissioner will commence the development of individual training plans for Suburban Train Drivers, Passenger Service Assistants, and Operations Controllers. Individual training plans will indicate the required competencies/qualifications/other training of the employee to satisfy the requirement for their respective role.
- 3.2 To establish an individual training plan, an assessment will be undertaken by the Rail

Commissioner to ascertain any gaps in relation to mapped competencies. The employee may be required to complete gap training and successfully complete the assessments. The individual training plan will be provided to the employee and manager within one month of being assessed.

- 3.3 Individual training plans will include a schedule and timetable for implementation of training and assessment taking into consideration normal business operating requirements.
- 3.4 Individual training plans will identify timeframes to work towards: relevant units of competence and/or a national qualification in Train Driving (for Train Drivers), relevant units of competence and/or a national qualification in Rail Customer Service (for Passenger Service Assistants), and relevant units of competence and/or a national qualification in Rail Network Control (for Operations Controllers).
- 3.5 Language, Literacy and Numeracy (LLN) testing will be established to identify employees who may require additional development to enable them to successfully complete training required. This may incur additional training time for individual employees and will be noted on individual training plans.
- 3.6 Where individual training plans for existing employees identify that accredited units of competence have been reached, a statement of attainment will be provided to the employee.

4. Attainment and Maintenance of Competency

- 4.1 Employees agree to undertake all of the tasks, training and assessment required for the role to which they are appointed. Refusal to do so, or failure to attain or maintain the required competency level, may disqualify an employee to undertake the duties of the position. This may include participation in continuation training, recognition of prior learning processes, training plans, training gap analysis, and undertaking of training and assessment where competencies change or new competencies may be required due to changed role and/or business requirements or changes to legislation.
- 4.2 While the Rail Commissioner is committed to the development of its employees, the primary focus of the attainment and accreditation of the specific competencies identified is to safely and effectively undertake the duties and responsibilities of the roles contained in this Agreement. Such accreditation may contribute to or enable an employee to attain accreditation of a certificate level under the Australian Qualification Framework; a Statement of Attainment of individual competencies; certificate of completion or all.

5. Progression and Assessment

5.1 Suburban Train Drivers

Where the attainment of competencies is required for incremental progression between levels of a role, the following requirements will apply:

5.1.1 Successful completion of all training and demonstration of the required competencies to progress to the next increment.

5.1.2 Employees will be required to carry out the full range of duties and training associated with their role.

5.2 Progression for all other roles should refer to schedules S2.12, S3.2 and S3.3.

6. RTO Evidence Requirements

6.1 Evaluation of training and assessment will be aligned with the Standards for Registered Training Organisations, which state that a Registered Training Organisation must retain evidence that shows they have monitored and reviewed their training and assessment in a systematic way and results are used to revise systems and practice where needed.

6.2 This must include evidence that the review process has considered: delivery and performance data, client feedback, trainer and assessor feedback, validation outcomes and information from complaints and appeals.

7. Major Project Considerations

7.1 Parties recognise that delays may occur due to factors including (but not limited to);

- implementation of major infrastructure;
- implementation of new systems; and
- implementation of new rolling stock.

7.2 While employees will be consulted on impacts caused by major projects, and training activities may need to be amended to reflect revised dates, all efforts will be made by the Rail Commissioner to minimise the disruption to the initial training plan.

8. Implementation

8.1 Implementation of units of competence and/or national qualifications in Train Driving (for Train Drivers) and units of competence and/or national qualifications in Rail Customer Service (for Passenger Service Assistants) and units of competence and/or national qualifications in Rail Network Control (for Operations Controllers) will be

guided by the following steps/milestones:

- a) Project plan to be drafted in consultation with the RTBU – *within three months of Agreement being approved;*
- b) Relevant units of competence and/or national qualifications to be added to scope of registration for the Rail Commissioner RTO, and the design, development and validation of relevant units of competence – *timeframe to be determined by project plan;*
- c) Individual training plans – *timeframe to be determined by project plan;* and
- d) Review of project plan to determine steps and timeframes for the delivery of gap training and implementation of training for other roles within the Agreement – *timeframe dependent on achievement of above milestones.*

8.2 Where possible, the parties will adhere to the timeframes outlined in clause 8.1 and the project plan. However, the parties acknowledge that delays may occur due to factors including but not limited to difficulties recruiting suitably qualified Trainers/Assessors and RTO requirements which may fall outside of the Rail Commissioner's control, as well as those identified in clause 7 of this Schedule. Where potential delays are identified, the project plan will be revised in consultation with the RTBU.

8.3 The Rail Commissioner will provide quarterly reports to the RTBU with updates on:

- 8.3.1 The number of individual training plans established in that quarter;
- 8.3.2 The number of units of competence attained in that quarter; and
- 8.3.3 Other training activities considered to be reportable by the Rail Commissioner, including the completion of RBTNAs and competency matrices.
- 8.3.4 At the 12 month mark (4th quarter), an audit will be conducted, led by the Office for the Public Sector, to identify key training milestones achieved within allocated timeframes. In the event where key training milestones have been achieved earlier than committed within Schedule 6, the Rail Commissioner and the RTBU will discuss the potential for bringing upcoming milestones forward or examine opportunities for other classifications to be included within Schedule 6 in the life of this Agreement, wherever possible.

9. New Employees

9.1 Any employee who commences in the role of Suburban Train Driver will receive, in their initial training period, 17 of the 21 units of competence that comprise the Certificate IV in Train Driving. In addition, they will receive non-accredited role-based training as required and as determined by the Rail Commissioner. The delivery of the remaining four units of competence required to obtain a Certificate IV in Train

Driving will be addressed in the project plan set out at clause 8.1.

- 9.2 Should national updates be made to units of competence within the Certificate IV in Train Driving qualification, the delivery of the units of competence may be reviewed at the discretion of the Rail Commissioner.

10. Milestones

- 10.1 In line with this Schedule, the Rail Commissioner will seek to meet the following milestones over the life of the Agreement:

Milestone	Date
Development of an implementation project plan in consultation with the RTBU	Within three months of the Agreement being approved
Completion of a RBTNA for Suburban Train Drivers	Within five months of the Agreement being approved
Development of a Competency Matrix for Suburban Train Drivers	Within five months of Agreement being approved
Completion of a RBTNA for Passenger Service Assistants	Within six months of the Agreement being approved
Development of a Competency Matrix for Passenger Service Assistants	Within six months of the Agreement being approved
Completion of a RBTNA for Operations Controllers	Within nine months of the Agreement being approved
Development of a Competency Matrix for Operations Controllers	Within 10 months of the Agreement being approved
Commencement of Individual Training Plans for Passenger Service Assistants	To commence within 12 months of the Agreement being approved - then anticipate completion of three individual training plans per month
Commencement of Individual Training Plans for Suburban Train Drivers	To commence within 19 months of the Agreement being approved – then anticipate completion of three individual training plans per month
Commencement of Individual Training Plans for Operations Controllers	To commence within 24 months of the Agreement being approved then anticipate completion of two individual training plans per month

SCHEDULE 7 – RAIL OPERATIONS – AGGREGATE WAGE CALCULATION GUIDELINES

RAIL SERVICES WORK INSTRUCTION			
AGGREGATE WAGE CALCULATION GUIDELINES			DOC. NO. WI-RS-1003
ISSUE: 1	REV:	DATE: 19/05/03	

1.0 PURPOSE

The purpose of this document is to describe the process of calculating the Aggregate Wage for TransAdelaide Suburban Train Drivers, using a set of Excel spreadsheets which automate the process as much as possible.

The provisions of:

- the TransAdelaide Suburban Train Driver Aggregate Wage Work Instructions dated 26 April 1991; and
- TransAdelaide Rail Operations Certified Agreement 1997 provisions pertaining to the Aggregate Wage; will no longer continue to apply.

This Instruction and Appendices should be read and interpreted wholly in conjunction with the Rail Industry (TransAdelaide) Award 2002 and the TransAdelaide Train Operations Certified Agreement 2005 Clause 9.

The following changes to the calculation of the Aggregate Wage are noted:

- Off-setting provisions no longer apply;
- The cost of shifts will be calculated in accordance with where the major portion falls; and
- A weighted average will be used to calculate a combined Wage across all Depots for Suburban Train Drivers, Mainline.

The calculation of the cost of shifts (ie on the basis of where the major portion of a shift falls) will, without precedent, apply to the calculation of the Aggregate Wage, and any payments to Suburban Train Drivers made outside of the Aggregate, excluding New Years Eve and all night services.

The format of the spreadsheets is as similar to the methodology that has been used since 1997 as possible.

3.0 DEFINITIONS

Clause 33.2 Aggregate Wage

So far as normal rostered work is concerned the Parties to this Part of this Award may agree to apply the penalties and allowances provided for Saturday and Sunday time, overtime, shift work, broken shifts, distance payment and annual leave loading (built into the base rate) on an averaging basis and this arrangement will be referred to as the "Aggregate Wage".

4.0 PROCESS

The Aggregate Wage is calculated by TransAdelaide and forwarded to the ARTBIU for agreement, prior to implementation. The Aggregate Wage should be recalculated to support major roster changes, wage changes, or shift penalty rate changes.

The following classifications are covered by an Aggregate Wage: -

- ◆ Suburban Train Driver, Trainee Intermediate (paid Intermediate Aggregate);
- ◆ Suburban Train Driver, Intermediate;
- ◆ Suburban Train Driver, Trainee Mainline (paid Mainline Aggregate);
- ◆ Suburban Train Driver, Mainline;
- ◆ Suburban Train Driver, Trainer Driver (paid Mainline Aggregate);
- ◆ Suburban Train Driver, Operations Coordinator;
- ◆ Suburban Train Driver, Senior Driver.

The method of calculating the Aggregate Wage recently changed after 2001 when offsetting for overtime was abolished through enterprise bargaining for the life of the current Certified Agreement. These Work Instructions include further agreed changes between the parties effective 1 July 2003.

A new aggregate will be calculated by the Operations Planning Coordinator either:

- at the end of a consultation period for a major roster change

- on written advice from HR that award allowances have changed; or
- for Certified Agreement increases.

A copy of the aggregate calculations will be sent electronically to HR.

HR will prepare a covering letter (refer Appendix 1) to the ARTBIU and submit a hard copy of the calculations to the Branch Secretary and Sub-Divisional Secretary of the ARTBIU.

If no response is provided by the ARTBIU within 7 calendar days, then the new aggregate rate will be implemented unless agreed otherwise by TransAdelaide and the ARTBIU. HR will advise payrolls in writing (refer Appendix 2) to implement the new aggregate rate and the date of affect.

RECORDING SCHEDULE DETAILS

There will be one workbook for each group of Drivers. So far there are four covering Suburban Train Drivers Intermediate, Mainline, Senior Drivers and Operations Coordinators. These are named eg: -

◆ Agg Wage Classfn__1 July 2003 Template.xls

Completed sheets have the name format:

◆ Agg Wage Classfn__ Date.xls

In each workbook there is at least one sheet named “**Sets and Calculations – Name of Depot**” which is divided up into the following areas:

- ◆ Monday – Friday shifts
- ◆ Mon – Thursday shifts
- ◆ Friday Only shifts
- ◆ Saturday shifts
- ◆ Sunday shifts
- ◆ Calculation of hours payable
- ◆ Aggregate Wage Calculations

Please note the sheets labeled by day type may be subject to change given the operational requirements of TransAdelaide (ie Thurs Only shifts)

The first step in the calculation of the Aggregate Wage, after the finalisation of the schedules to be worked, is to enter the schedule number, sign on/off time and the time the schedule would reach 209 kms into the appropriate day type area of the spreadsheet.

(NB: for finishing times after midnight, and the time at which 209km is reached (see under Distance Penalty below) you must use the format, eg., 25:00 for 1:00 am, not 01:00, otherwise Excel will treat the finishing time as earlier than the start time and chaos will ensue!)

CALCULATION OF PENALTIES PAYABLE

The penalties payable for each schedule are:

Distance penalty
Broken Shift penalty
AM, PM and Night Shift
Late Book Off
Saturday time
Sunday time

Distance Penalty –Clause 33 of the Award

The information that must be researched, calculated manually and then entered into the spreadsheet is the time the Suburban Train Driver reaches 209 kilometres within that shift. The distance penalty is payable for all time worked on that shift after the Suburban Train Driver reaches 209 kilometres. Payments are made by the minute.

Distance penalty is a penalty payment (not overtime) and is an additional 1.5T after 209 km have been travelled.

Example

If the shift sign-off is at 12:53 hours, the shift is 475 minutes in duration and 209 kilometres is reached at 12:39 hours, 8 hours is paid for that portion of the shift and distance penalty is payable on 14 minutes @ 1.5T, or twenty one minutes.

Note: In respect of calculating Distance Payments and overtime, Award Clause 15.8 - Extra Rates Not Cumulative applies ie payment cannot exceed double time except in certain circumstances on a public holiday. Penalties on a Saturday, Sunday and Public Holiday are payable on the 'makeup' component ie that portion of the shift from when distance of 209 km is reached to 8 hours.

Refer Appendix 3 for examples of Distance Payment application.

The Parties agree that Distance Payments will be paid in accordance with the Private Arbitration Decisions before Commissioner Dangerfield dated 4 February 2003 and 17 June 2003.

Broken Shift Penalty – 34.3 of the Award.

Broken shifts can only occur on weekdays which are not Public Holidays, and penalties apply at two rates:

- ◆ Time-and-a-half for time worked between a spread of 9 ½ and 10 ½ hours;
- ◆ Double time for time worked with a spread of greater than 10 ½ hours.

Example

If the shift sign-on is at 06:32 hours and sign-off is at 18:28 hours, it has a spread of 11 hours and 56 minutes. There are 60 minutes worked within a spread of 9½ and 10½ hours. The applicable broken shift penalty equals 60 minutes X .5T.

In Addition

In this example there are also 86 minutes worked outside the 10½ hours spread. The applicable broken shift penalty is an additional 86 minutes X 1T.

Weekday Shift Allowances –Clause 33.6 of the Award

There are four shift allowances payable on weekdays. These are: -

- ◆ **"Early morning shift"** – a shift commencing at or between 04:00 and 05:30 hours;
- ◆ **"Afternoon shift"** – a shift commencing before 18:00 hours and finishes at or after 18:30 hours;
- ◆ **"Night shift"** – a shift commencing at or between 18:00 hours and 03:59 hours;
- ◆ **"Late night loading" or "Late Book Off"** – a shift in which sign-on or sign-off is at or between 01:01 and 03:59 hours.

The early morning, afternoon and night shift allowances are payable in accordance with the following conditions: -

- ◆ allowances are paid by the hour;
- ◆ allowances are paid for all paid time on duty not subject to overtime penalty;
- ◆ allowances are paid on days other than a Saturday, Sunday or Public Holiday;

- ◆ broken parts of less than 30 minutes will be disregarded and 30 minutes to 59 minutes will be paid as for an hour.
- ◆ Not payable on broken shifts

The late night loading is paid once for those shifts that meet the criteria specified. The additional penalty is paid even when sign-off occurs while the employee is actually on overtime (but not an overtime shift).

Examples

If the shift sign-on is at 04:48 hours and the shift is 517 minutes in duration, the early morning shift allowance is paid on eight hours. The 37 minutes in excess of 480 minutes do not attract the early morning shift allowance, as they are payable on overtime.

If a shift sign-on is at 17:01 and the shift is 464 minutes in duration, the afternoon shift allowance is paid on eight hours and recorded in the column "Afternoon shift (hours)".

Saturday and Sunday Time - Clause 33.5 of the Award, and Public Holiday Allowances –Clause 16.6 of the Award.

The allowances are paid in minutes, in accordance with where the major portion of the shift falls, and they are: -

- ◆ **"Saturday Time"** – 1.5T (ie .5T in addition to the normal wage);
- ◆ **"Sunday Time"** – 2T (ie 1T in addition to the normal wage);
- ◆ **"Public Holiday Time"** – Public Holiday shifts are not included in the Aggregate Wage calculations.

CALCULATION OF OVERTIME

Rostered Overtime

Rostered Overtime (ie not overtime shifts) is paid by the minute for all time in each shift in excess of 480 minutes at the rate of 1.5T extra for the first three hours and 2T extra thereafter. (Currently, all rostered OT on each shift is less than 3 hours, so in effect all rostered OT is paid at 1.5T (ie .5T extra). Except Sunday which is paid at 2T (ie 1T extra).

CALCULATION OF AGGREGATE WAGE FOR EACH DEPOT / CLASSIFICATION

Calculating Total Penalties Payable

For each of the different penalty and overtime calculations, Excel converts the shift payments to a weekly figure by multiplying the daily figure by the appropriate number of shifts, ie.

- ◆ For Monday to Friday shifts – the number is five – there being five of those day types in a week;
- ◆ For Monday to Thursday shifts – the number is four;
- ◆ Friday only, Saturday and Sunday shifts – the number is one.

Excel automatically sums the various penalty and overtime payments in the area of the Sets and Calculation sheet called “Total Payable In Hours Per Week For Depot(s)” in hours payable each week. Each type is multiplied by its appropriate rate taken from the “Control Sheet” in each workbook. (This means that if there is a change to those rates, only the control sheet need be changed, and the actual cost will be done automatically.)

Excel also automatically gives a total dollar figure for the week for that depot. That figure then needs to be divided by the number of lines of work to get an average cost per line of work.

Determining the Number of Lines of Work

This is done by counting the number of shifts for each day type as in the following example:

<i>Example</i>		
Number of sets:	Per day	Per week
Monday to Friday	33	x 5 = 165
Monday to Thursday	2	x 4 = 8
Friday only	2	x 1 = 2
Saturday	15	x 1 = 15
Sunday	14	x 1 = 14
Total		204
Number of lines:		
= Number of sets ÷ 5 (the number of days Drivers are rostered each week)		
= 204 ÷ 5		
= 40.8		

The total cost of penalties is divided by the number of lines of work to establish the dollar value of penalties per line of work per week.

AGGREGATE CALCULATION

The total cost of weekly penalties then needs to be incorporated in the following formula to calculate the Aggregate Wage:

<i>Example</i>		
45 weeks x (base rate + penalties per week)		
+	7 weeks (5 weeks A/L and 2 weeks LSL) x base rate	
=	Total earnings per annum	
÷	52 weeks	
x	100	
÷	base rate	
=	Aggregate percentage	
Therefore;		
45 weeks x (\$ 780.50 + \$ 181.45)	=	\$ 43,287.75
+ 7 weeks x \$ 780.50	=	\$ 5,463.50
= Total earnings per annum	=	\$ 48,751.25
÷ 52 weeks	=	\$ 937.52
x 100	=	\$ 93,752.40
÷ base rate (\$ 780.50)	=	120.12%
Aggregate percentage	=	20.12%

FINAL CALCULATION

For the Suburban Train Drivers, Intermediate, Operations Co-ordinators and Senior Drivers, the Aggregate Wage is automatically transposed onto the Control Sheet, and that is the final figure.

For the Suburban Train Drivers, Mainline, a combined Aggregate wage is calculated by using a weighted average of the Aggregate Wage rates from the four Depots (Adelaide, Belair, Gawler and Port Stanvac). Each figure is weighted by the number of lines of work at that depot using the formula:

$$(\text{Agg Wage-Adelaide} \times \text{no. of lines at Adelaide}) + (\text{Agg Wage-Belair} \times \text{no. of lines at Belair}) + (\text{Agg Wage-Gawler} \times \text{no. of lines at Gawler}) + (\text{Agg Wage-Pt Stanvac} \times \text{no. of lines at Pt Stanvac})$$
 all divided by the total number of lines on the roster for all depots.

The result becomes the Aggregate Wage paid to all Suburban Train Drivers, Mainline, regardless of their depot.

OTHER MATTERS

The Parties agree to table future amendments to the Aggregate Wage Calculation through the Enterprise Bargaining process and any agreed amendments will be documented in these Instructions.
